

Placement Support Request (PSR)

If there are any areas where a pre-service teacher needs further development to successfully complete their placement, the school should complete a Placement Support Request (PSR) as soon as possible during the placement.

The completed form should be emailed to the UTAS Mentor at their UTAS email address, with a copy sent to the Professional Experience Office at professional.experience@educ.utas.edu.au. Upon receiving the support request, the UTAS Mentor will promptly initiate contact to collaboratively develop an Action Plan aimed at ensuring the successful continuation of the placement.
