\* Placement commences 1 week prior to the academic study period commencing

\*\*Students approved to undertake the Intensive delivery model will undertake their NUR135 PEP from 29 Sep - 10 Oct 2025 (all campuses)

**Please note:**

- The PEP calendar has been aligned to the new PEP requirements for the Bachelor of Nursing degree for 2025. Whilst every care and attention has been applied to ensure accuracy of the 2025 PEP dates in advance, dates may need to be adjusted in response to extenuating external factors. -Whilst a rare occurrence, students will be provided as much notice as possible if this needs to occur.
- The PEP Calendar and the Academic Calendar (as defined by [UTAS Key dates](#)) do operate separately. Please refer to both calendars when planning your Bachelor of Nursing study requirements for the year.
- For students who are continuing in the degree and are due to complete NUR351: Nursing Practice 4 and NUR354: Nursing Practice 5 in 2025, please note the unit codes for these units have changed and will be referred to NUR358: Nursing practice 4, and NUR359: Nursing Practice 5 respectively.
- If you have any questions regarding PEP, please refer to the [Tasmania.placements@utas.edu.au](mailto:Tasmania.placements@utas.edu.au) or [Sydnev.placements@utas.edu.au](mailto:Sydnev.placements@utas.edu.au) as required.
